

Regional Office of Education Christian-Montgomery Counties

Marchelle Kassebaum
Regional Superintendent

To: Roy Hertel, Montgomery County Board Chairman

From: Marchelle Kassebaum, Regional Superintendent

Date: June 1, 2013

Re: Fourth Quarter Report

I have attached the ROE #10 Quarter Report. Highlights for the fourth quarter are session three of the new teacher induction program "Investing in the Future", Technology Boot Camp, and Math Common Core workshops. The report also includes a list of services provided by the Learning Express (Birth to Three Program), Substance Abuse Prevention Program, and C.A.R.E. (Consistent Attendance Results in Excellence).

During the fourth quarter, Assistant Superintendent, Greg Patrick provided Danielson and Licensure training for districts at teacher in-services and after school meetings. I presented PowerPoint presentations to school boards, featuring services provided by the Regional Office of Education.

I continue to serve as a member of the PARCC Educator Leader Cadre. The cadre is responsible for helping lead implementation of the Common Core State Standards and PARCC (Partnership for Assessment of Readiness for College and Careers). All expenses (Travel to Chicago, lodging, food) are paid through the United States Department of Education grant, Race to the Top. My participation with the Educator Leader Cadre will continue through spring, 2015. I also serve on the Illinois Educator Leadership Institute. The Institute is designed to support teachers in common core and creating aligned balanced assessment systems.

I have electronically submitted the spring/summer ROE newsletter, *Regional Resource*. The newsletter spotlights schools, features programs offered by the ROE, and provides resources for educators. The newsletter is posted on the Montgomery County and ROE website.

If you have any questions, please contact me or view our website at www.roe10.org. Thank you for your on-going support and interest in the ROE office.

Sincerely,

Regional Superintendent of Schools
