5:45pm-7:00pm

"Those Who Can, Teach"

Teaching is a calling and those who do it well have a passion for educating students that is obvious and contagious. Great teaching is meeting the needs of students, "one starfish at a time." Excellent teaching takes time, energy, and persistence. Come to be energized by a life-long educator who will inspire you to believe and commit to helping your students achieve - and when THEY do, you know you were the catalyst in

making lives better. It doesn't get any better than this!

Linda Brissenden

Education:

Millikin University, Decatur, IL. B.S. Elementary Education
Eastern IL University, Charleston, IL M.S. Educational Administration
