Re: Third Quarter Report

I have attached the ROE #10 Quarter Report. Highlights for the third quarter include the event "*Investing in the Future*" a *Regional Gathering of Education Professionals* and other professional development for teachers and administrators.

The Regional Office of Education staff continues to provide services, such as, professional development, health life safety and compliance visits, substance abuse prevention, licensure, and presentations to school board members and faculties. The C.A.R.E. youth advocates (Consistent Attendance Results in Excellence) continue to meet with at-risk students on a weekly basis and make home visits to maintain good communication with parents. The Birth to Three Parent Educators continue to provide their service to families throughout the region. At this time, the Birth to Three Program serves 53 families.

Regional Superintendent, Julie Wollerman and I are meeting on a regular basis to ensure the consolidation of the offices is as seamless as possible. We are now collaborating in the delivery of school services in all five counties and planning a region wide teacher institute in the fall.

The Spring ROE Newsletter will be published soon. It will spotlight the great things that are happening in schools and feature events that support educators, students and families in our community. Look for the newsletter in April!

If you have any questions, please contact me or view our website at www.roe10.org. Thank you for your on-going support and interest in the ROE office.

Sincerely,

Marchelle Kassebaum
Regional Superintendent of Schools
