**October 2015 Report**

**2015 Assessment**

All Assessor changes have been entered and we have begun entering changes at the S of A level. When the entry has been completed and the Abstract is balanced at the S of A level township factors will be calculated and applied prior to publication. I hope to publish later in October or in November.

**2015 BOARD OF REVIEW**

The Board has processed 179 Certificates of Error and we have received 20 assessment complaints at this time. We have a PTAB hearing scheduled for November 3, 2015.

**Exemptions**

We continue to receive questions about the changes to the Disabled Veterans exemptions. I plan to put another notice out in November to make as many Veterans aware of the changes as possible. DevNet has updated the Software to accommodate the changes. We will make follow up calls later this year for the 2015 Senior Exemption renewals that were not returned.

**Miscellaneous**

We will continue to work on the coal rights and tax code questions with the County Clerk after we have completed entry of the assessment changes.

### **GIS**

See attached report.

### **Pictometry**

Anne Miller our Pictometry Trainer and has scheduled up to 4 training sessions (as needed) for staff October 21 & 22. I sent out information to the offices to see who is still interested in the additional training and at this time have 13 people signed up from 4 offices.

### **Beacon Schneider**

Cassidy is still working on layers to be added to the Beacon site.

Ryan smith will be here October 30 for training on the Beacon site there will be two sessions 9:00 AM & 10:00.

Beacon activity report attached.
