

# 911 Emergency Telephone System Board (E.T.S.B) 911

Montgomery County Illinois  
140 N. Main St  
Hillsboro, IL 62049  
217-532-9563

---

June 14, 2018

To: Evan Young, MCB Chairman; Mont Co Sheriff, Jim Vazzi  
Fr: Tom Rogers, ETSB Chairman  
Re: Intergovernmental Agreement

The Emergency Telephone System Board (ETSB) is issuing notice that we have voted to terminate the existing Intergovernmental Agreement Providing Centralized Dispatch/911 Services with the Montgomery Sheriff's Office for 911 PSAP services.

The powers and duties of the ETSB, by Illinois State Statute, include but are not limited to the following:

- a. Planning a 911 system
- b. Coordinating and supervising the implementation, upgrading, or maintenance of the system, including the establishment of equipment specifications and coding systems.
- c. Receiving moneys from the surcharge imposed under Emergency Telephone System Act (ETSA), or disbursed under the ETSA, and from any other source, for deposit into the Emergency Telephone System Fund.
- d. Authorizing all disbursements from the fund.
- e. Hiring any staff necessary for the implementation or upgrade of the system.

The ETSB, due to recent fund increases through Illinois State Statute for 911 system funding, will be focused on using funds to:

- Invest funds in updating the 911 system
- Upgrading public safety mapping
- Maintain annual 911 system maintenance
- Maintain 911 radio site maintenance
- Provide administration and supervision of dispatchers

The 911 Coordinator, effective immediately, will be supervised by the ETSB as it relates to the 911 System.

This ETSB is planning for an 8-10 year system upgrade/replacement of the 911 system and looking to provide a cost savings for 911 services over that period.

The ETSB, upon Agreement with Montgomery County Board, will fully operate and supervise a 911 system under the authority given by statute for all public safety agencies it currently partners with, to include all necessary staffing required. If agreed upon, the planning and transition will take place over the next several months and is tentatively planned to be completed in the 2019 calendar year.

ETSB Chairman,

  
Tom Rogers
