Under this state program, the state will reimburse 50% of the county highway engineer’s salary if the county pays a minimum 95% of the recommend salary established by the state. Since we do not have the recommended salaries yet, this resolution will be tabled until next month’s meeting.

3. **FY 2020 Budget Approval:** Beeler reported the committee reviewed a list of changes to the FY 2020 Budget presented last month. Beeler stated after last month's meeting, Beck informed her of a new law change from the Federal Department of Labor for the eligibility requirements for overtime and exempt employees. Beeler reported the Building and Grounds Maintenance Employee and the Animal Control Warden were both under the threshold, so their salaries were adjusted to meet the new law's minimum requirement of \$35,568 annual salary. Maintenance Employee Brown's salary was increased an additional \$1,264 beyond the new minimum amount to \$36,832. Beeler stated this was done because the Brown can't take a day off because he is the only one in the department, so the committee approved budgeting for a 20 hour per week part time employee. Beeler reported on the recent changes to the EMA budget made due to the consolidation with Christian County since that county be paying Nimmo's employee benefits. Beeler stated the Highway Engineer's salary was budgeted for a 3% increase because the State did not have the recommended salary published. She said the Highway Department revenue for MFT increased and the expenses will also increase. Beeler stated the Probation Office asked for funding for a part time employee, and Judge approved paying for this position from Probation Fund fees and compensation for this position will be paid through the Sheriff's Office. **Motion by Beeler and second by Furness to approve the FY 2020 Budget with the changes presented at today's meeting.** Bishop asked if this budget reflects a \$3 million deficit, and Beeler responded this budget reflects coal revenues which are being spent. Also much of the difference in revenues and expenses in the budget is because many office holders with dedicated funds included larger expenditures from those funds for FY 2020. **20 members voted yes, 1 member voted no (Bishop). Motion carried.**

He said the committee reviewed a Consolidation Intergovernmental Agreement where Nimmo would become a full time EMA Director for both counties, with Christian County as the primary employer to cover the EMA Director's health insurance and IMRF costs. **Motion by Bergen and second by Graden to approve a two year Intergovernmental Agreement with Christian County for EMA Consolidation effective December 1st, 2019.** Beeler stated this is not a financially motivated decision; rather this was a request by the employee to be able to focus on one task. She said Nimmo's other part time job currently is 911 Coordinator, which will be discontinued next December in 2020. Jones asked if the county is locked in with Christian County or if we could go back to our current set-up, and Beeler said with a 90 day notice the consolidation can be nullified. Beeler stated the way EMA is set up, we are not losing control; and the State of Illinois EMA has to approve the consolidation. Robbins asked if the EMA County Board committee will be dissolved, and Young replied not necessarily. Beeler said the County will pay \$12,357 per year to Christian County, and Nimmo will work in Christian County three days one week and two days in Montgomery County and then switch days the following week. Nimmo will answer to the Chairpersons of both counties. Nimmo stated we are paying \$12,357 and Christian County will pay all the expenses for vehicles, etc. He said the Christian County vehicle will become the primary vehicle for daily use, while the EMA truck will become the secondary vehicle used to haul the MABAS trailer and other equipment. Leitheiser shared a concern about delays in the 911 addressing process and asked how this will be done with the consolidation with Christian County. Jones asked if there was a way to streamline the process to make it easier, and Nimmo replied he has five days to respond, and he sometimes gets them late because it goes to the Highway and Health Departments first. Nimmo stated he has talked with Durston and asked about streamlining the process. **All in favor, motion carried.** Jones asked if we will lose Telecommunicator positions, and Sheriff Robbins

replied affirmatively. Nimmo stated the Sheriff's Department needs six telecommunicators and Christian County will need four 911 telecommunicators, and there are currently eleven positions with a possibility of one employee who may retire before the merger next December. Young stated the County Board has no control over the 911 board, since they are their own separate board with their own revenue sources and bylaws to follow and they make their own decisions. **(For copy of Christian/Montgomery EMA Consolidation Proposal, see Resolution Book 17, pages 373-379).**
