July 1, 2026

The Farm Committee meeting was held on June 17th and the committee certified the 2027 farm values.

Our office has been very busy since tax bills went out. We're seeing lots of address changes and missing exemptions. As of today, we have issued 56 Certificates of Error.

I am waiting for a quote from DevNet to update our cost table and for an update to allow us some direct import work.

Monday, July 6th was Lucas' last day working in our office. I have hired Larry Lemon as our office field assessor. Larry has completed 5 of his 6 classes to become CIAO certified.

Montgomery County GIS

New Projects:

- First topological verification of parcel data in ArcPro. (Overlaps, gaps, etc.) The first pass is always the most involved when checking data- after that, it's just keeping up with maintenance.
- Our GIS metadata needs updating. (Metadata: descriptions of what information is contained in a data set, when it was updated, why it was created, for whom, etc.) This is necessary both for data sharing reasons as well as to help a new user understand what information we have if, for example, I were to get hit by a bus tomorrow and someone else needed to step into my place. No, I do not plan on getting hit by a bus. I like it here.
- Assist the Village of Raymond with its zoning maps when time allows.

Ongoing Projects:

- Monthly update of change records and parcel tracking software with recorded document numbers. This month's total: 4 splits, 4 combinations, 3 corrections
- On-site investigation of municipal historical document vaults for unrecorded annexation/deannexation/right-of-way vacation documents. Litchfield, Hillsboro, Nokomis, and Taylor Springs archive search complete. Will continue to other communities as permission is gained and time permits.
- Creation of "The Hills" subdivision in GIS is currently waiting on information from the survey preparer.
- Van Burensburg and related property modifications in the area are still waiting on a vacation ordinance.

Completed:

- Maps created for Raymond #1 and Blue Grass Drainage Districts.
- Field work verifying fire hydrant data in Witt and Irving for the Witt Volunteer Fire Department.
- Maps created for Witt Fire District.
- Monthly update of Pictometry data.

On the Back Burner:

- Update ArcGIS Online datasets for county, prepare a map for disaster data collection in the field.
- Update and add to Montgomery County cemetery location, ownership, and maintenance contact data. Update to online map will be made when time permits.

Concerns:

- I've been getting increasing requests to pay Plat Act Affidavit fees by debit or credit card. Is there an estimate for when we'll start to have that capability?
