

RANDY HOMPSON, B.A, MHP CHILD COUNSELOR

Hello, my name is Randy. I have been a counselor for a long time. I like doing that a lot. I am also a magician and balloon artist. I have two grown up children and four grandsons. I also like the Chicago Cubs, Chicago Bears, and rock music. What sports teams do you like? Do you play sports or games in your yard? What are your favorite games to play?

I help children and their families solve problems and feel better about things that bother them. Especially, you, my client.

I follow a law called HIPPA. That means I cannot repeat anything you or your family tell me in counseling or I would get into big trouble. What you say to me in counseling is private unless I am worried that you want to hurt yourself or another person, or if an adult touches you in a bad way. Then we can fix the problem together.

Counseling, like most of life, is part work and can be part fun. That is, if the work part gets done. After the work part, we can talk about anything you want to talk about, share stories, jokes, and things that we think about a lot.

I am really looking forward to meeting you!!!

If you want to, you can answer these questions and read the answers to me when we talk on the phone the first time.

1. What is your favorite color?
2. What is your favorite food?
3. What is your favorite subject in school?
4. What hobbies do you enjoy the most?
5. What is your favorite game to play?

My answers: Yellow, licorice, reading, magic, basketball.

SEE YOU SOON!!!
